Conference -- Liked Least

What did you liked least about the conference?

- 1 I wish there had been more variety of sessions. I felt like there were some lessons that the conference didn't have that could have helped.
- 2 Nothing.
- 3 I thought the conference was great. There wasn't any part that I like least.
- 4 The timing of some sessions could have been short while others could have been longer.
- 5 Sound system is poor (microphone)
- 6 The 4 consecutive sessions on Saturday.
- 7 I am NOT pleased about having to participate in a skit. The extra 2 hours required to put together a presentation takes time away from my students.
- 8 I wish it wasn't on a weekend. I would've been better to end on Saturday so we had Sunday to catch up.
- 9 The group "networking" was too much at the end of the days. I met more people in classes and at meals, so I don't think this part was necessary or enjoyable.
- 10 It was on this weekend.
- 11 The closeness of the tables during meals.
- 12 More networking with our grade level, breakfast at 7:30 a.m. on Saturday, Perhaps skits/groups be divided into grade levels/ grade span
- 13 N/A
- 14 Not keeping food at meals supplied - people didn't get some things. Sessions w/o participant activities (make + take)
- 15 One of the sessions I attended was extremely unprofessional.
- 16 The conference was great. The workshops I attended were knowledgeable, although one of them could have been longer for the presenter to do more discussions.
- 17 Nothing
- 18 The session titled "Things a teacher needs to know" was horrible and unprofessional.
- 19 Skits
- 20 Some of the sessions were only offered once and they conflicted with other sessions.
- 21 Some classes were only offered once and ran at the same time so I was not able to attend all the classes that I would of like to.

What did you liked least about the conference?

- 22 Not a thing.
- 23 Can we have some time to get together in content areas? There are so few music teachers in the NE, let alone new music teachers.
- 24 From literacy to new literacy - nice people though
- 25 Conflict of time with sessions
- 26 At one session - the music from the neighboring session over powered the session I was in.
- 27 Being divided into groups other than the sessions we chose.
- 28 I'm located on a beach and it's COLD.
- 29 N/A.
- 30 I think the sessions were a little too long. I think they should be an hour and that everyone should have some type of activity.
- 31 Everything was great in my opinion.
- 32 No interaction or engagement in "Differentiated Instruction."
- 33 I know it can't be helped but the PANC conference, NCASA conference + this conference was a lot for one week.
- 34 Acoustics -
- 35 It was on the weekend.
- 36 The conferences were planned on the weekend.
- 37 The required group presentation.
- 38 the dance wasn't very engaging. This maybe needs a change. Atmosphere was great for a dance but no one was participating.
- 39 N/A.
- 40 The dance was a flop. I don't like the "skits" and the process of putting them together.
- 41 The differentiation session...too much information thrown at me with no time to synthesize it!
- 42 Nothing, I can't find or think of anything that I dislike about the conference.
- 43 Need formal opportunity for meeting other participants in similar teaching (i.e. elem., EC, Middle math, etc..)
- 44 Not enough time for presenters; needs to be longer.
- 45 How could some of the rooms were.
- 46 Length, I feel like it could've been longer.

What did you liked least about the conference?

- 47 Limited seating for sessions.
- 48 Having to break into small groups to do presentations; would rather just do discussions.
- 49 Some of the sessions were not active. Lectured the whole time.
- 50 That information was not as specific to my content area as I would have liked it to be.
- 51 Little break time in between sessions.
- 52 Formulating a skit or presentation at the end of the conference.
- 53 A more structured time to network with other teachers.
- 54 N/A
- 55 I really wasn't feeling the group closing thing.
- 56 Preparing the final skit/presentation.
- 57 Early morning start time. Wish Vann Lassiter had more than two sessions.
- 58 I really didn't like the 21st Century Food for Thought session. It seemed that we talked about agriculture. It wasn't what I expected. The session description didn't relate to session.
- 59 I didn't like the fact that they only offered port for breakfast meats.
- 60 I wish I had more time, so the presenters could have had a longer period of time to present and share more idea.
- 61 I was a little disappointed in the sessions I went Sat. morning.
- 62 Little to no hand outs. The time of years it's held.
- 63 N/A.
- 64 I was hoping for more networking but some teachers didn't branch out and stayed with their groups.
- 65 I wish Sunday morning would've ended earlier, so we could get on the road.
- 66 I would like to get info from sessions that I couldn't make it to.
- 67 Too short! How about a week long conference?
- 68 No activities planned for after workshops...everything in the city closes @ 9 P.M.! Nicer bags...
- 69 Everything was great.
- 70 Everything was great!
- 71 Some of the presenters only did PowerPoint without engaging activities.
- 72 The skits!

What did you liked least about the conference?

- 73 Differentiated instruction session.
- 74 Differentiation workshop
- 75 Although the banquet was nice, it was really tiring after being up since 4 A.M. Perhaps the conference could start earlier followed by a meet-and-greet, then some time for everyone to rest before Saturday's activities.
- 76 The last group thing.
- 77 None
- 78 Skit with group.
- 79 No complaints.
- 80 N/A
- 81 Although it is nice to be able to attend 4 sessions, it makes it a tiring day. By the 4th session, minds aren't as engaged and attentive.
- 82 All was perfect!
- 83 Rap session was over booked - I missed it b/c my previous session got out late and the room was already packed to the room. I heard it was excellent though and would have to attend next year if he's willing to present in 2 sessions. We needed better description of the target audiences for some of the sessions. Differentiated instruction for elementary and high school will look very different and it would be nice to know which audience the session is genre for in advance.
- 84 I liked the dance concept; however, some other social activity may work better. A young farmer's conference I went to had a casino night that seemed to be more relaxed. It would be good for the first night after registration, so everyone would have a chance to relax and get to know each other over small competition.
- 85 There was not enough room for the participants in the meeting rooms. There were many people sitting on the floor.
- 86 I wish there were more option for schedule!
- 87 There needs to be more extra time Saturday afternoon - maybe shorten the breaks and we can get out 30 mins. early.
- 88 More forced interaction with peers (networking).
- 89 Some of my required classes were schedules @ the same time.
- 90 For the most part everything was great.
- 91 More "take home" workshops.
- 92 I think the networking can be done without have the group present.
- 93 That the dance was not karaoke!

What did you liked least about the conference?

94 Nothing.
